

MISSION

At TTI, we seek to enhance the quality of life of those we serve through an array of clinical best practices that inspire healthy living, empowerment, and recovery while promoting the attainment of personal goals and independence.

FUNDING

Funding for TTI services comes primarily from local county community mental health agencies and authorities under contract with the Michigan Department of Community Health. Funding is also provided by HUD and MSHDA as well as through grants. This funding is generally used for persons with the most severe forms of disabilities who are eligible for Medicaid.

ABOUT TTI

TTI is a private, not-for-profit agency that has been providing mental health services and training in Michigan since 1987. TTI provides a wide range of clinic and community-based services to support adults with behavioral health issues and co-occurring disorders. In addition, TTI provides a full array of services to children with autism spectrum disorders, developmental disabilities and emotional impairments. TTI delivers a wide range of specialty mental health services to include Applied Behavior Analysis, Clubhouse, and Employment Services. TTI accepts Medicaid and private insurances.

NON-DISCRIMINATION POLICY

TTI complies with applicable Federal civil rights laws and does not discriminate on the basis of culture, ethnicity, religion, economic status, gender expression or identity, or sexual orientation.

TTI cumple con las leyes federales de derechos civiles aplicables y no discrimina por motivos de cultura, etnia, religión, situación económica, expresión o identidad de género u orientación sexual.

TTI 遵守適用的 Federal 民權法, 不基於文化、種族、宗教、經濟地位、性別表達或身份或性取向進行歧視。

تميز على أساس الثقافة أو الحقوق المدنية F بقوانين TTI تلتزم السارية ولا العرق أو الدين أو الوضع الاقتصادي أو التعبير عن الجنس أو الهوية أو التوجه لجنسي.

- **Macomb:** Access Center, (586) 948-0222
- **Saginaw:** Access Services, (989) 797-3559
- **Jackson:** Lifeways Access Center, (517) 789-1200

Training & Treatment Innovations, Inc.

A provider of behavioral health services since 1987

Case Management Program

Case Management Program

THE RECOVERY JOURNEY

The Case Management Program provides targeted case management services to adults with psychiatric disorders and co-occurring psychiatric and substance use disorders. Case Management is

a community-based intervention program that promotes independence and stability within the consumer's living, learning, working and social environments. The program also helps in reducing the number, intensity and frequency of psychiatric hospital days.

Case Management services are based on consumer strengths, needs, abilities and preferences, and actively promote the inclusion of natural supports at all levels of treatment planning and service provision.

Case managers make home visits and provide consumers with community contacts that can assist them with medication monitoring, education on mental illness, vocational and recreational activity development, and more.

After-hours coverage includes crisis intervention and, if needed, medication monitoring to prevent hospitalization. Case Management consumers who have an after-hours emergency may contact the case manager on-call 24 hours per day.

Case Management services can include the following components:

Treatment – linking our consumers and their families with available services needed to maintain good mental and physical health and stability.

Housing – helping our consumers find safe, affordable housing by linking them with HUD and other subsidized programs as well as private landlords.

Education and Work – working with educational and vocational supports to develop plans focused on an individual's potential and success.

Daily Living – assessing levels of independence and a family's ability to provide basic needs such as proper nutrition and clothing; then organizing and implementing a process to fill in any existing gaps.

Income and Benefits – assessing one's income and health insurance, including entitlements, and then advocating in the best interest of the consumer and family for support and community resources.

STRENGTH THROUGH SUPPORT

Case Managers coordinate and monitor services and supports by:

- Using a strength-based, needs driven approach
- Encouraging consumer choice throughout service involvement
- Helping consumers identify and build relationships with natural supports
- Providing advocacy, community-based referrals and support
- Partnering with consumers to create and sustain community involvement
- Promoting wellness, recovery and self-determination
- Recognizing and addressing co-occurring (mental health and substance abuse) issues
- Offering several psycho-education groups for both consumers and their families
