

IMAGINE, BELIEVE AND ACHIEVE

MISSION

At TTI, we seek to enhance the quality of life of those we serve through an array of clinical best practices that inspire healthy living, empowerment, and recovery while promoting the attainment of personal goals and independence.

FUNDING

Funding for TTI services comes primarily from local county community mental health agencies and authorities under contract with the Michigan Department of Community Health. Funding is also provided by HUD and MSHDA as well as through grants. This funding is generally used for persons with the most severe forms of disabilities who are eligible for Medicaid.

ABOUT TTI

TTI is a private, not-for-profit agency that has been providing mental health services and training in Michigan since 1987. TTI provides a wide range of clinic and community-based services to support adults with behavioral health issues and co-occurring disorders. In addition, TTI provides a full array of services to children with autism spectrum disorders, developmental disabilities and emotional impairments. TTI delivers a wide range of specialty mental health services to include Applied Behavior Analysis, Clubhouse, and Employment Services. TTI accepts Medicaid and private insurances.

NON-DISCRIMINATION POLICY

TTI complies with applicable Federal civil rights laws and does not discriminate on the basis of culture, ethnicity, religion, economic status, gender expression or identity, or sexual orientation.

TTI cumple con las leyes federales de derechos civiles aplicables y no discrimina por motivos de cultura, etnia, religión, situación económica, expresión o identidad de género u orientación sexual.

TTI 遵守適用的 Federal 民權法，不基於文化、種族、宗教、經濟地位、性別表達或身份或性取向進行歧視。

تميز على أساس الثقافة أو الحقوق المدنية السارية ولا F بقوانين TTI تلزم العرق أو الدين أو الوضع الاقتصادي أو التعبير عن الجنس أو الهوية أو التوجه لجنسي.

ACCESS CENTERS

If you or someone you know could benefit from services, please contact the access center for your county to see if you meet eligibility requirements. The numbers are:

- **Oakland:** Common Ground, (800) 231-1127
- **Genesee:** Crisis Hotline, (810) 257-3740
- **Macomb:** Access Center, (586) 948-0222
- **Saginaw:** Access Services, (989) 797-3559
- **Jackson:** Lifeways Access Center, (517) 789-1200

Assertive Community Treatment (ACT)

Assertive Community Treatment (ACT)

Assertive Community Treatment (ACT) provides intensive long-term, community-based, clinical case management services to adult consumers with the most serious and persistent forms of psychiatric disorders, and psychiatric and co-occurring substance use disorders. ACT is designed to help consumers in the recovery process develop skills that help them achieve greater independence, enhance their self-worth and increase their quality of life.

ACT is a team-based treatment approach that consists of case managers, nurses, Certified Peer Supports and a psychiatrist. Consumers in ACT see case managers on a rotating basis. The consumer's team meets daily to process/review the consumer's needs and status.

ACT team members make home visits to consumers. Visits can vary from daily to several times per week and change as consumers' needs change. Visits may include education on mental illness, physical health and/or medication, as well as monitoring for medication side effects and efficacy.

WALKING TOGETHER

Consumers also receive assistance in developing and building upon existing skills that will enable them to live independently in the community. Skill building areas include money management, supportive employment services, personal care/safety, self-management and general wellness. In addition, the ACT team may link consumers to community resources.

Crisis intervention is available after hours. The continuum of care and 24-hour access to ACT team workers helps in reducing consumers' number of hospitalizations and length of stay, in addition to decreasing interactions between consumers and law enforcement officials.

The ACT approach is based upon Person Centered Planning (PCP). In Person Centered Planning, the consumer is involved in every aspect of treatment.

The ACT team meets with the consumer to learn about his or her preferences, needs, dreams, desires, strengths and natural supports. This information is used to identify the supports and services necessary to attain the consumer's goals.

STRENGTH THROUGH SUPPORT

In addition to the ACT team, the consumer's PCP team is made up of the people who are important in his or her life, including family members, friends and/or community supports of his or her choice.

TTI's ACT teams adhere to the Dartmouth Assertive Community Treatment Evidence Based Practice (EBP) model. In addition, TTI's ACT teams implement the EBP model for Integrated Dual Disorder Treatment (IDDT) to eligible consumers with co-occurring psychiatric and substance use disorders.

ACT services are provided in TTI's Flint, Oxford, and Saginaw offices.

TTI's ACT Program is accredited by the Commission on Accreditation of Rehabilitative Facilities (CARF).
