MISSION

To enhance the quality of life of those we serve through an array of clinical best practices that inspire healthy living, empowerment, and recovery while promoting the attainment of personal goals and independence.

FUNDING

Funding for TTI services comes primarily from local county community mental health agencies and authorities under contract with the Michigan Department of Community Health. Funding is also provided by HUD and MSHDA as well as through grants. This funding is generally used for persons with the most severe forms of disabilities who are eligible for Medicaid.
